Business recommendations

- Prioritize controlled budget tests in Email Marketing: it has the strongest observed ROI (1729.7%) among channels with spend and revenue. Monitor marginal returns before scaling.

- Review Meta Ads: observed ROI is 218.2% and CPA is INR 22.09. Check targeting, attribution, and setup.

- The largest funnel loss is before Clicks (96.3% drop-off). Test creative, audience relevance, and placement.

- These recommendations describe historical filtered data and do not guarantee future results.

ROI in this report is revenue-based: (revenue - ad spend) / ad spend. It is not profit-based ROI because product costs and gross margin are not included. Metrics describe the selected historical records and do not predict future performance.
